

JASON THOMAS
— HOMES —

INNOVATIVE - ORIGINAL

At Jason Thomas Homes, you are one of a kind - and so is your home. We get to know you, what you like, where you want to live, and importantly how you live. With that knowledge we work together to design and build your dream home. Your home is not just an investment, it is also a place you will love living.

“Jason is extremely creative and helped me from picking the perfect lot to the floor plan on up. I had many requests that he met and exceeded, including our screened in porch with an amazing wood burning fireplace. Jason had several fantastic ideas along the way that made for our perfect home!”

Kelly C.

ON SCHEDULE, ON BUDGET

You are excited about your new home, and so are we! Jason Thomas Homes utilizes cutting edge software to track budgets and construction calendars in real-time. That way we are all on the same page when it comes to your money and time. You always know where your money is going and how close you are to moving into your new home!

“We hired Jason Thomas Homes to build our “dream house on the hill”. We found the service to be professional, accommodating / flexible but honest about the budget impact.”

Rob B.

“Very creative builder. Worked with Jason extensively on home finish details. The results are owning a beautiful home with great curb appeal. More than happy to work with those of us that are more novice about construction.”

Judy G.

AWARD-WINNING HOMES

Jason T Kratochwill has been building custom homes in the Madison area and Northern Wisconsin since 2009. His vision has been featured in the Madison Area Builder's Association's annual Parade of Homes, celebrating the best in area building. Jason received the 2016 Amwood Homes President's Club Award, and he has been featured in area publications including the Wisconsin State Journal and Madison Magazine.

"Jason builds beautiful, top-quality homes and was a wonderful person to work with. He has great character, and his goal was always to do the very best on every aspect of our home and to do it as well as if he were building it for himself. Our lot was completely covered with trees when we started, and Jason's vision helped us develop it into a gorgeous setting for our home. I would hire him as a builder again in a heartbeat."
